Chemistry

8C

Thema 01	Importance of models in chemistry
Thema 02	The central role of carbon
Thema 03	Solvents and solutions
Thema 04	Properties as a function of structure
Thema 05	Energy
Thema 06	Donor-acceptor concepts
Thema 07	Green chemistry and health
Thema 08	Organic oxygen and nitrogen compounds
Thema 09	Macromolecules
Thema 10	Chemistry and modern technology
